RE: Scope determination on countervailing duty order on aluminum extrusions from the People's Republic of China (C-570-968).

1. On 04/27/2015, in response to a request by IKEA Supply AG ("IKEA"), Commerce issued a final scope determination that IKEA's cabinet/drawer handles which IKEA imports are within the scope of the countervailing duty order on aluminum extrusions from the People's Republic of China ("PRC") (C-570-968).
2. Because the imported product is solely comprised of an aluminum extrusion that matches the description of subject merchandise and fasteners (i.e., screws and nuts), Commerce found this product to be within the scope of the order.
3. Continue to suspend liquidation of entries of aluminum extrusions from the PRC, including the cabinet/drawer handles imported by IKEA described above, subject to the countervailing duty order on aluminum extrusions from the PRC.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII: EW.)
5. There are no restrictions on the release of this information.
